#### REMARKS

Applicants request entry of the Preliminary Amendment.

The Examiner has required election of one of the following species in claim 26: a cervical cancer cell, a melanoma cancer cell, a breast cancer cell, and a leukemia cancer cell.

Applicants elect to prosecute claim 26 as currently amended in the accompanying Preliminary Amendment, directed to the following species: a cervical cancer cell.

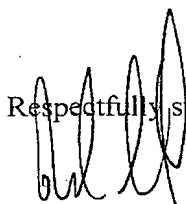

Part of the subject matter in claim 26 as filed, directed to a melanoma cancer cell, a breast cancer cell, and a leukemia cancer cell, is currently withdrawn. Applicants reserve all rights in these non-elected species, a melanoma cancer cell, a breast cancer cell, and a leukemia cancer cell, to file divisional and/or continuation patent applications.

Thus, all of the pending claims, including new claims 27-29, introduced in the accompanying Preliminary Amendment, are readable upon the elected species.

If the Examiner has any questions or comments as to this response, the undersigned may be contacted at the address and telephone number below.

Please charge any fees associated with this paper to deposit account No. 50-3355.

Respectfully submitted,

Mark S. Cohen  
Attorney/Agent for Applicant(s)
